**INSIGHTS OF GEOSCIENCES
FOR NATURAL HAZARDS
AND CULTURAL HERITAGE**

Editor: Florina CHITEA

Referenți științifici: Prof. Dr. Lucian Petrescu
Prof. Dr. Ing. Dumitru Ioane
Dr. Ing. Andrei Bălă
Lect. Dr. Ing. Florina Țuluca

Redactor: Mirela Ivan Nobel
Tehnoredactare: Adriana Andreiaș
Coperta: PROPAGANDA CREATIVE SERVICES

Descrierea CIP a Bibliotecii Naționale a României

Insights of geosciences for natural hazards and cultural heritage / ed.:

Florina Chitea. - Târgoviște : Cetatea de scaun, 2023

Conține bibliografie

ISBN 978-606-537-637-3

I. Chitea, Florina (ed.)

55

This book includes peer-reviewed chapters. The sole responsibility for the content of each chapter including the scientific accuracy and data interpretations belongs to the authors. The content of each chapter does not necessarily reflect the opinion of the Editor or other Scientific Referents. Authors of the book chapters will take the responsibility what so ever if any copyright infringement or any other violation of any law is done by publishing the content that they agreed to publish in their own chapter. Neither the publisher nor the authors nor the editor gives a warranty, express or implied, with respect to the material contained herein or for any errors or omissions that may have been made. Neither the publisher nor the authors nor editor or other Scientific Referents are responsible for any use that may be made of the information contained therein.

The Publishing House and the Editor and authors grant the right to use and partially reproduce the published material in scientific works, with the mention of all identification elements: authors, year of publication, chapter title, DOI, publisher, book title, ISBN

CONTENT

FOREWORD	7
SEISMIC SEQUENCE IN SOUTHERN CARPATHIANS, GORJ AREA, ROMANIA. PRELIMINARY ANALYSIS. Mircea Radulian, Constantin Ionescu, Andrei Bala, Natalia Poiata, Raluca Dinescu, Mihail Diaconescu.....	9
AN IMPROVED 1-D SEISMIC VELOCITY MODEL FOR THE ACTIVE TECTONIC DEFORMATION AREA OF THE SOUTH WESTERN CARPATHIAN BEND ZONE (ROMANIA). Raluca Dinescu, Felix Borleanu, Mihaela Popa, Natalia Poiata, Marian Ivan, Ioan Munteanu	24
MARINE TECTONICS: DEVASTATION AND SURVIVAL OF COASTAL COMMUNITIES. Irina-Marilena Stanciu and Dumitru Ioane.....	38
THE PRECASPIAN DEPRESSION MEGA-IMPACT, CAUSE OF A HIGH INTENSITY EXTINCTION EVENT ON EARTH. Dumitru Ioane, Mihaela Scradeanu	55
ASSESSMENT OF THE NATURAL OCCURRING RADIONUCLIDES FROM TERRESTRIAL CONTRIBUTION FOR THE EVALUATION OF ENVIRONMENTAL RISKS. Ileana Radulescu, Rasvan Stochici, Antonio-Andrei Sofron	93
GEOMAGNETIC DATA AS A SOURCE OF INFORMATION ON PAST EVOLUTION OF THE SOLAR ACTIVITY/SPACE CLIMATE. Crisan Demetrescu, Venera Dobrica, Cristiana Stefan.....	108
BOUGUER GRAVITY ANOMALIES ON THE TERRITORY OF ROMANIA. Dumitru Ioane	123

OVERVIEW ON THE RESULTS OF POTENTIAL FIELD METHODS FOR THE SPATIAL POSITION OF EAST VARDAR OPHIOLITES. Dragana Đurić.....143

THE USE OF SEISMIC ATTRIBUTES (SPECTRAL DECOMPOSITION AND RMS AMPLITUDE) – AN ESSENTIAL TOOL IN UNDERSTANDING THE EVOLUTION OF SEDIMENTARY BASINS. Călin Constantin Niță, Izabela Mariș, Ioan Munteanu 155

THE MAIN RESULTS OF ARCHAEOLOGICAL RESEARCH AT REȘCA-ROMULA (1869-2019) AND CONSIDERATIONS ON THE GEOPHYSICAL APPROACH – PART I. Mircea Negru, Florina Chitea, Ilinca Artene, Nicolae Cruceru.....166

THE MAIN RESULTS OF ARCHAEOLOGICAL RESEARCH AT REȘCA-ROMULA (1869-2019) AND CONSIDERATIONS ON THE GEOPHYSICAL APPROACH – PART II. Florina Chitea, Mircea Negru190
